GIRL IS MURDERED: HER BODY BURNED

(Continued From First Page.)

her, her family or her former employers has been found. Inquiry at the Merchants' and Bankers' Business College, at Madison Avenue and Fifty-eighth Street, this afternoon brought out the information that Ruth Wheeler entered the school about six months ago and was graduated as a stenographer two weeks ago. Her mother had brought her to the school. The girl learned easily and was very bright, finishing the course in two weeks less than the time usually required. She was classified as "smart," and the school authorities predicted that she would make a first-class stenographer. Her conduct at the school was above reproach. Made it a Practice. From fragments of postal cards

found in his rooms it is believed that Walters made a practice of writing to business colleges to send him girl stenographers. He had a wide correspondence with these girls, and many of them had called on him. In the past few months he had lived at three different addresses.

The cancellation of some of the stamps indicates that Walters was in correspondence with girl graduates of business colleges all over the East. Many of his letters are believed to have come from out of town.

Muck-Rakers Assailed.
Washington, D. C., March 26.—General debate on the naval appropriation bill in the House to-day gave an opportunity to several members to deliver political speeches. Representative Kahn, of California, devoted considerable attention to muck-rakers, citing numerous instances in which men honored by their country had been assailed in newspapers and periodicals of the past. Speeches were made also by Messrs. Spight, of Mississippi, and Hobson, of Alabama.

Energetic Superintendent

JOHN SMITH EASTMAN,
Division Superintendent of Public Schools (York and Warwick counties), was born in Middlesex county, Va., on August 20, 1880. His father is the clerk of the Circuit Court of Middlesex county. Superintendent Eastman's early education was in the public schools of the county, but subsequently he became a student of William and Mary College, where he graduated in the class of 1899 with the degree of L. L. B. A. He then took graduate studies in education at the University of Chicago Summer School, followed by a post-graduate course at the University of Virginia.

Mr. Eastman was appointed by the State Board of Education as superintendent of public schools for the division of York and Warwick counties on July 1, 1909, and since that date he has been indefatigable in the discharge of his duties. His administration is almost unanimously favored by the people of his division, notwithstanding the fact that many of them were somewhat pessimistic as to the work he would be able to accomplish. The condition of the schools of the division is conceded to be far better than ever, with every prospect of their rivaling many other divisions. Mr. Eastman is residing in Yorktown, where he is specially popular. He is a member of the Yorktown Historical Society of the United States, to which he is giving much valuable aid in progressing the accomplishing of its objects.

SET DATE FOR PRIMARY.

Tenth District Democratic Committee Selects August 9.
[Special to The Times-Dispatch.]
Staunton, Va., March 26.—The Tenth District Democratic Committee met here to-day to arrange date and details for congressional primary. Only two members of the five were present. They were Colonel Joseph Patton, of Appomattox, State Insurance Commissioner, and Edward Scholz, of Staunton. They arranged for a primary, expecting to secure the approval of the absent members. August 9 was set for the primary, all candidates to file names by June 8, and each to pay an assessment of \$400 for the expense of the primary.

Forty-three Officers Arrested.
[Special Cable to The Times-Dispatch.]
Odessa, March 26.—The commissariat arrested at Kiof had to twelve further arrests of highly-placed departmental officers. There are now forty-three officers under arrest in the southwestern section of the charges will be preferred.

Wadeboro, N. C., March 26.—M. T. Bullard, Jr., and Miss Pearl Caudle, both of Asheville township, were married Wednesday, Rev. G. O. Willott performing the ceremony.

TARIFF STRUGGLE IS FINALLY ENDED

United States and Canada Have Reached Agreement.

NO MORE DANGER OF TRADE WAR

For First Time in Its History This Country Now Enjoys Minimum Rates of All Important Nations—Means Much to Growth of Commerce.

Washington, D. C., March 26.—General satisfaction is expressed here at the announcement made to-day that an agreement practically has been reached between the officials representing the Canadian government and the President and Secretary of State Knox respecting the adjustment of the tariff of Canada and the United States. No one in authority here is willing to discuss the details, but there is good ground for the belief that material concessions have been granted by Canada and that the United States will receive in return for its minimum the intermediate rates given by Canada to France and twelve other countries on a considerable number of articles in which exporters from the United States are especially interested.

Prolonged Conference.
This understanding is said to have been reached after a prolonged conference to-day, participated in by President Taft, W. S. Fielding, the Canadian Minister of Finance, George P. Graham, the Canadian Minister of Railways, Secretary Knox and Charles N. Pepper, of the Bureau of Trade Relations of the State Department. The tariff experts who have so successfully concluded this large work take particular pride in the fact that for the first time the United States now enjoys the minimum tariff rates of all important nations. Heretofore, American goods have generally paid the maximum rates and have had to force their way into foreign markets solely on the basis of their superior merits or because they could not be produced outside of America.

By Narrow Margin.
The possibility of a temporary breach in tariff relations with Canada, consequent to the expiration next Thursday of the period allowed by the Payne-Aldrich act for the making of such arrangements, was at one time regarded as very close. But it is now said that it will not be necessary to consume time in the Canadian Parliament in giving the arrangement vitality by legislative enactment for the reason that it can be put into operation at once by an order in council, which is likely to be the course followed. It is understood that the arrangement was concluded upon the basis of future negotiations between the United States and Canada for a general trade treaty between the two countries.

CULBRANDSON DISMISSED

Dr. Gordon Testifies That Young Man Is Not Mentally Unbalanced.
L. E. Culbrandson, who has been detained several days for examination as to his mental balance, was dismissed in Police Court yesterday morning upon the statement of Dr. W. S. Gordon, jail physician, that there had not appeared to him to be anything amiss in the young man's mentality. Culbrandson came here with his wife from Albert Lea, Minn., several months ago, and has been living on South Second Street. At the time of his arrest he had not more than \$700 with him, and the sum, minus \$300, which was required of him as bond for his good behavior, was restored to him. David Jackson, alias "Hippy," was sent on to the grand jury on a charge of assaulting Charles Morton. Mark Armstrong (white), charged with assaulting Wilber Ferguson, was placed under \$300 security for six months.

CITY DOCK MAY BE FIELLED IN

New State Law Believed to Allow Great Changes in Waterfront.

ASSET OF TRIGG COMPANY

Famous Death Trap May Be Built Over With Warehouses.

Vital changes may be made in the waterfront facilities of the city if private owners, under the new law, can make out their cases before the State Corporation Commission to the effect that their private docks or wharves, used by the public, should be closed. The importance of the bill was not revealed until yesterday morning, when E. B. Bemis and E. B. Addison were summoned to the Police Court as representing the real owners of the dock from Seventeenth to Twenty-eighth Streets, in order to show cause why the property is not barricaded. Investigation of the situation brought out the fact of the passage by the General Assembly of an act introduced by Senator Watkins, of Chesterfield.

Text of Statute.
This bill reads: "The State Corporation Commission is hereby authorized, upon the application of the owner or owners thereof, after notice as to it may seem reasonable, to close, or to cause any private dock or wharf affected with a public use or easement, and which is or may be located in or near any city or town of this Commonwealth, where the city or town in which such dock or wharf may be located is establishing, or has established, docks or wharves, open to the public, with or without payment of tolls, or, in any case, where there are other wharves or docks, public or private, which are equally open to the public use."

"Upon the entry of an order by the State Corporation Commission pursuant to this act, closing or discontinuing, or authorizing the closing or discontinuing of any such wharf or dock, the same shall thereupon be forever discharged from any public use or easement, and any obligation therefor upon the owner, or the owner thereof, or those under whom he claims, by statute or otherwise, to maintain the same as a dock or wharf for public entry, passage or use, and the same may thereafter be closed and discontinued as a dock or wharf, so far as any public right of use or enjoyment thereof may be concerned, and the owner thereof shall have the right to use or dispose of the land upon which the said dock or wharf may be located, just as if it had never been charged with any public use or easement."

May Use Site for Warehouses.
The bill does not affect any existing contractual obligation between the owner and individuals other than the public. Under the act, the owners, with the consent of the Corporation Commission, have the right to lay a pump line from James River, pump the dock full of sand, or build a warehouse for purposes. No discussion of the bill arose in the Legislature. In "ninety days" it will have the force of law. The dock, extending between Seventeenth and Twenty-eighth Streets has been the source of much activity and money in years past. Efforts have been made to fill it to the city, which have failed. The real owners somehow could never be ascertained.

Some weeks ago, upon numerous complaints, and the fact that several bodies had been found in the dock, the City Council directed Chief of Police Wetherill to have the owners of the dock be haled into court and made to answer to the charge of not properly fencing off the dock, as required by a former city ordinance.

George W. Stevens, president of the Chesapeake and Ohio Railway, was summoned, but through counsel showed that since his road had sold the property in 1901, he was not responsible for the conditions. Others were brought before Justice Crutchfield, but were held to be not responsible.

Asset of Trigg Company.
Acting on information from the City Attorney's office, summons were served on E. B. Bemis and E. B. Addison, a committee representing the bondholders of the Trigg Ship-Building Company, said to be the real owners of the property. When their case was called yesterday morning, Attorney Pollard asked a continuance until the owners could construct the necessary safeguards. The case was continued until April 30.

Effort will be made, it is understood, to have the Council amend its present ordinance on the subject, which requires that the whole length of the dock shall be barricaded. The change sought will require that only the street approach shall be barricaded. The owners think that by fencing the whole distance shipping will be interfered with and business hurt.

If the area is more valuable as real estate than as a dock, under the new law it may be made into warehouse lots. The situation of the dock here is such as to make such a conversion very profitable.

Corner William H. Taylor has already considered it a terrible death-trap. During his incumbency, more than 500 bodies have been taken from its waters. For many years it has been felt that some safeguards should be provided.

Washington Memorial Temple Will Not Be Erected on Cemetery Grounds.
[Special to The Times-Dispatch.]
Fredericksburg, Va., March 26.—The members of Masonic Lodge No. 4, of this city, at a largely attended meeting last night, after a discussion lasting a considerable time, definitely determined not to erect the Washington Memorial Temple as a memorial to George Washington, on the Masonic Cemetery in this city. The lodge referred the matter back to the Masonic Memorial Temple committee, with the request that a full report be brought in later, proposing plans for the building and giving information as to available sites, with prices of each, etc. It is expected that the matter will be in definite shape at the next meeting of the lodge. The subject has attracted widespread attention.

REACHES RITE OLD AGE.

Mrs. Eliza Broughton Will Celebrate Ninety-third Birthday on Monday.
[Special to The Times-Dispatch.]
Cape Charles, Va., March 26.—Mrs. Eliza Broughton, of Cape Charles, will celebrate her ninety-third birthday at her home here on Easter Monday, March 28. In spite of her advanced years Mrs. Broughton is remarkably healthy and well preserved. Her step son and her five sons, just as keen as they ever were. She reads and sews without the aid of glasses. Mrs. Broughton intends to enjoy herself to the utmost at this anniversary. She was born in Baltimore March 23, 1817, in front of the Old Shot Tower, and during the section of that building played with the bricks being used in its construction. Mrs. Broughton was the mother of eight children, all of whom are living and will be present at the celebration of the anniversary. These are J. W. Broughton, Hallwood; W. T. Broughton, Onley; Mrs. M. J. Byrd, Baltimore; Mrs. H. F. Desheles, Rowland Park, Baltimore; Mrs. T. A. Richards, West Arlington, Md.; the Misses Lida and Florence Lee Broughton, Cape Charles.

Answer This Question

When shown positive and reliable proof that a certain remedy had cured numerous cases of female ills, wouldn't any sensible woman conclude that the same remedy would also benefit her if suffering with the same trouble?

Here are two letters which prove the efficiency of Lydia E. Pinkham's Vegetable Compound.

Fitchville, Ohio.—"My daughter was all run down, suffered from pains in her side, head and limbs, and could walk but a short distance at a time. She came very near having nervous prostration, had begun to cough a good deal, and seemed melancholy by spells. She tried two doctors but got little help. Since taking Lydia E. Pinkham's Vegetable Compound, and Blood Purifier and Liver Pills she has improved so much that she feels and looks like another girl."—Mrs. C. Cole, Fitchville, Ohio.

Irassburg, Vermont.—"I feel it my duty to say a few words in praise of your medicine. When I began taking it I had been very sick with kidney and bladder troubles and nervous prostration. I am now taking the sixth bottle of Lydia E. Pinkham's Vegetable Compound and find myself greatly improved. My friends who call to see me have noticed a great change."—Mrs. A. H. Sanborn, Irassburg, Vermont.

We will pay a handsome reward to any person who will prove to us that these letters are not genuine and truthful—or that either of these women were paid in any way for their testimonials, or that the letters are published without their permission, or that the original letter from each did not come to us entirely unsolicited.

What more proof can any one ask?

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health free of charge. Address Mrs. Pinkham, Lynn, Mass.
